

BLACK SCREEN.

Sounds of light metallic objects getting smashed and thrown everywhere.

Voices are muffled and slightly echoed.

SCIENTIST 1 (Desperately yelling)
Contain her! Con-

The scientist screams in agony. Following upon more screams of pain from other scientists.

Gun shots are being fired in between.

INT. BUNKER MAIN HALLWAY - VEDA'S PERSPECTIVE.

Veda pants as she runs towards the bunker exit.

She reaches the door and puts her bloody hand on the keypad, struggling to figure out the code.

Her hands move to the door and begin punching it.

INT. WAREHOUSE - FACING THE BUNKER DOOR.

The bunker door is getting dent leaving a small hole in between. Veda puts her fingers through and spread the doors apart.

She stumbles out exhausted. Veda looks around quickly at the empty eroded warehouse.

She spots a slightly opened garage door and runs towards it.

Veda grabs the bottom of the garage door and forcefully pulls it up, then exits the warehouse.

EXT. WAREHOUSE BUILDING - MIDDAY.

Veda jogs outside. As she stops she catches her breath squatting with her hands on her legs. She notices her bloody hands examining it. She hesitantly touches her mask.

Veda looks up to the sky then scans her surroundings. She walks slowly to the main road, and continues to follow it.

EXT. WAREHOUSE ROOF - MIDDAY

Veda is seen through a scope from a distance.

A mercenary watches her walk along the road. He moves the scope away from his face, he contacts through the comms.

MERCENARY
A suspicious subject has been
spotted. Awaiting further
instructions.
...Roger.

The mercenary lowers his hand from his helmet and watches Veda.
